MRS. CRUMLEY ENTERTAINS

Mrs. Newton Crumley, assisted by Mrs. McWhinney and Mrs. Swartz, entertained a few tiny tots yesterday afternoon in honor of the 5th birthday of her son, Newton Hunt Crumley. The afternoon passed merrily and games played with the vim that only childhood knows, after which dainty refreshments were served. Those present were Raymond Harris, Bob McWhinney, Millie McWhinney, Carl Voigt, Wesley Hurley, Geo. Elmore and Hazel Taber.—Elko Free Press.

"Soldier Boy" and "Mother," the two songs that are making such a hit throughout the United States, but have not yet been sung in Tonopah, will be sung by Prof. R. B. Kanause at the band concert Wednesday evening in the Airdome. Adv. F712

JUMBO EXTENSION DECLARES DIVIDEND

The board of directors of the Jumbo Extension Mining company met in Goldfield late Saturday and declared a dividend of seven and one-half cents per share, payable March 31, to stockholders of record March 1. This is the sixth dividend paid by the company and the fifth to be distributed under the present administration of the Sprague interests. The disbursement amounts to \$116,250, and brings the total dividend payments to the sum of \$609,650.—Tribune.

COSTS SOME MONEY TO TRY AN EDITOR

The Tonopah Times states that the two cases against Editor Booth of the Bonanza, charged with criminal libel against the board of county commissioners and the district attorney, amounted to only \$2,581.55, which the editor of the Times considers a mere bagatelle to the taxpayers; to be exact about it, only three cents and four-fifteenths mills on the \$100 valuation. Of course this may appear as a very small item to the editor of the Times but it would seem to be a very considerable sum in White Pine county, where the entire cost of the district court in criminal cases last year amounted to only a little more than \$1800, during which time seven convictions were secured for various offenses. In other words the trial of Editor Booth cost the taxpayers of Nye \$781 more than all of the criminal cases tried in the district court of White Pine county during an entire year.—Elko Record.

The Bonanza will later give the exact expense of the trial, showing that it is vastly in excess of the figures quoted.

MANY OLD TIMERS IN COUNTY HOSPITAL

There are about twenty patients in the county hospital at the present time, says the Winnemucca Star, and most of them are old people who are about worn out and unable to make a living by daily toil. A few of the patients are sick people and the county is taking care of them. A number of the old people in the county institution are pioneers of this county and state and have braved all the hardships of frontier days and paved the way for the present population. Among them are old prospectors who have followed their burros from nearly every prominent outcrop of rock in the county. And why should not the county care for these people, the old settlers and pioneers who blazed the trails in Nevada not only for the present population, but for generations to come.

PROSPECTING AT CUPRITE

The property recently purchased by ex-Senator W. A. Clark, in the Cuprite district, is being prospected and developed by two main shafts and some surface work. A force of about a dozen men is engaged in this work and hoisting equipment has lately been provided.—Tribune.

WOULD BE SUICIDE RECOVERING FROM WOUND

Yourt Sioux, the Indian who attempted suicide a short time ago by shooting himself in the face with a shotgun, is reported from the county hospital to be about all well. His face is badly scarred and part of his jaw is gone, but looks don't count for much among the Indians and the hospital attendants state that he can get along all right anyway.—Humboldt Star.

Death and destruction showered on Wall Street, Park Row, Times Square, Fifth Avenue.

WIFE SEEKING HER MISSING HUSBAND

PATHETIC LETTER ASKING FOR THE WHEREABOUTS OF J. C. RICH OF IMLAY

Editor Bonanza, Sir:—Should J. C. Rich see this his heartbroken wife and children pray if possible he will communicate with them. Things can be fixed up satisfactorily and are not as dark as you might think them. If I could hear from you I could enlighten you.

KATY.

Imlay, Nev., February 6, 1916.

The J. C. Rich referred to is a peace officer at Imlay. He had always borne a good reputation and his domestic life was happy. He disappeared mysteriously several weeks ago and was believed to have gone to Salt Lake City, but cannot be located there.

RENO HIGH SCHOOL TEAM IS COMING

GAME OF BASKETBALL WILL BE PLAYED IN HIGH SCHOOL GYMNASIUM

Next Friday evening the Reno high school basketball girls will compete with Tonopah high in the school gymnasium. This game will be the most interesting event of the season, because, as every one knows, Reno high school has for some time held the championship of Nevada.

Miss Leah Regan, one of Tonopah's former basketball stars, will again be seen in the field of battle playing with the Reno team. The town team boys will also play a preliminary game. The admission to the games will be 50c. Every seat in the main hall of the gymnasium will be reserved, so that people buying their tickets before the game will have no difficulty in obtaining their seats when they arrive. The first two rows of seats on the stage will also be reserved, but seats back of the first two rows will be 25c.

GEOLOGY OF MONARCH BEING WORKED OUT

GOOD VALUES CONTINUE TO BE IN EVIDENCE IN THE 900 INTERMEDIATE

To expert geologists are at work in the Monarch Pittsburg, running down the fault system which has thus far made operations there somewhat uncertain, because of the complicated earth movements which have taken place since the enrichment of the fissures. It is expected that they will shortly conclude their work, when the future work of the company will be outlined.

At present operations are progressing in most encouraging fashion. The 900 intermediate is looking very well. The vein is being followed and in places it assays up to \$20.

BURNED POCHE MILL TO BE RECONSTRUCTED

A telegram received yesterday from President A. Y. Smith of the Yuba Leasing & Development company, contains instructions to Secretary Smith to take the preliminary steps for the reconstruction of the mill, thus setting aside any apprehension there might have been that the plant would not be rebuilt.

Meanwhile the work of repairing the mine shaft along the lines suggested by the deputy mine inspector is progressing and were the mill ready, Mine Superintendent Parker would be ready to hoist ore within a week.—Pocche Record.

PIONEER CONSOLIDATED HAS BONANZA SHOWING

Conditions in the Pioneer Consolidated mine are reported to be of a most gratifying character. The high-grade orebody exposed some time ago is now showing a face, in the extension of the famous Bonanza slope, fully 12 by 15 feet in extent and averaging considerably over \$100 per ton over the entire face. A raise is being driven to the orebody from the cross-cut on the 260-foot level.

New York shelled from sea and sky! Panic! Terror! The Exodus! Armageddon!

NO CONFLICT DATES OF ATHLETIC MEETS

ELK-MOOSE AND PUBLIC SCHOOLS WILL WORK IN UNISON

The conflict in dates between the high school boys' basketball tourney and the Elks-Moose baseball game has now been removed, and at a peace meeting held yesterday it was agreed that the boosting for the games shall be mutual, each group helping the other. This arrangement practically combines the different events into one big sport festival. It has been suggested also that the Elks take part in the big show at the Butler theater on Tuesday evening, and they will probably put on a stunt or at least a short talk.

The high school boys, assisted by Miss Georgie Money, will present three acts as their part of the program next Tuesday. These are now in diligent preparation. That they will prove more interesting and entertaining than those given at the last show at the Butler is conceded by all who have been given the privilege of looking on.

A new and more sensible means of distributing the tickets will be employed for the tourney. Instead of having the whole school turn out to bound the town, these tickets will be placed at several central locations, and people asked to go there to purchase them. The attractive program of good basketball, will be relied upon entirely to guarantee a large attendance.

INDOOR BASEBALL CREATES INTEREST

TWO FRATERNITY TEAMS TO PLAY A BENEFIT GAME IN AIRDOME

The ticket sale for the Elks-Moose indoor baseball game began yesterday and to date 250 tickets have been sold. The present indications are that the Airdome will be filled to capacity on the evening of February 16 and that even standing room will be at a premium.

This game is as scientific as the outdoor sport and both teams are being drilled to perfection. Eddie Addison, who knows baseball from its genesis to its latest development, will umpire.

The proceeds will be devoted to the children's playground of Tonopah.

LUTHERAN SERVICES PRESBYTERIAN CHURCH

According to previous announcement, regular Lutheran divine worship will be conducted at the Presbyterian church this evening. The services will begin at 7:30 o'clock. The sermon of the evening will be based on Luke 13, 22-29. The theme discussed will be: "Christ's admonition. Strive to enter in at the straight gate." The sermon will be delivered by Dr. Frederick H. Menzel of Trinity Lutheran church, Gardnerville. A solo will be rendered by Mrs. Arthur Neth. She will favor the worshippers with the rendition of, "Face to Face." Mrs. R. Q. McDonald will officiate at the organ. Everybody is most heartily invited to attend these services.

SNOWBOUND ON DESERT

R. G. Steel, in charge of the National Forest station at Round Mountain telephoned Thursday that the heavy snows south of Manhattan had put a stop to travel between the pine tree camp and Tonopah. He stated that twenty-three persons were tied up at the Spanish Springs road house waiting for stage accommodations to take them to Tonopah.—Reveille.

"Soldier Boy" and "Mother," the two songs that are making such a hit throughout the United States, but have not yet been sung in Tonopah, will be sung by Prof. R. B. Kanause at the band concert Wednesday evening in the Airdome. Adv. F712

PERSONAL

M. D. KANT of Berkeley is registered at the Mizpah.

F. M. NORTH, a merchant of Manhattan, is in town.

E. H. MURRAY is spending a few days in Goldfield.

MISS R. L. NETH is visiting friends in Pasadena, Cal.

B. B. RIDDICK is over from Goldfield on a legal errand.

GEORGE DUGAN returned yesterday from a brief visit to Goldfield.

HAROLD KIND returned today from an extended visit to Manhattan.

MRS. E. M. SPRAGUE is here from Sacramento on a visit to her sister, Mrs. Ed Uren.

MRS. T. L. HAINES arrived yesterday from Reno, having been preceded here by her husband.

DAVE LLEWELLYN arrived this morning from San Francisco. He will essay to back the drifts in his machine to Round Mountain, after which he will leave for the east.

TWO HUNDRED CATTLE LOST IN STORM IN ELKO COUNTY

H. A. Agee, who is here from Wells, says that in the recent blizzard in Clover valley, about two hundred head of cattle were lost.

To protect themselves from the wind and snow the cattle gathered into bunches in the willows and the snow drifted over them. Every stock raiser in the valley suffered losses, one reporting a loss of fifty head. It is estimated that two hundred in all were lost, but the number may greatly exceed this. The drifts are from twelve to eighteen feet deep and many may be covered up of which there is no knowledge.

Mr. Agee says that the blizzard was the worst ever known in the valley. One did not dare to venture away from his home, as the drifting snow prevented his seeing more than a few yards.—Independent.

NEW SHAFT ON THE PAMLICO PLACER CLAIMS

Messrs. Burns, Forman, Milroy, Schumaker and Blackburn, all of whom are interested in the Pamlico placer mines, went in town for a few hours last Sunday. Work is progressing steadily in spite of the heavy snow, says the Buftett.

On the Burns, Blackburn and Schumaker claims a new shaft is being sunk about a quarter of a mile below the Bradley shaft, which has now reached a depth of 60 feet. A loosening of the ground at that depth makes it necessary to use timber.

They will reach bed rock soon and are confident that the values will be higher than they were at the upper camp.

CATTLE WINTER WELL

James A. Cahill and J. W. McGowan of the local forest service returned Tuesday from a trip up Reese river as far as the Bell ranch. They were making a feed lot count of the cattle in the valley to be permitted on the forest grazing lands this summer.

They report plenty of feed on Reese river ranches with most of the cattle rounded up and in good condition in spite of the heavy January snows. They state that in Lodi valley the cattle are wintering on the range better even than those fed on the ranches, so stock owners in the sections mentioned have had no losses.—Austin Reveille.

CONSTABLE RICH WAS IN LAS VEGAS RECENTLY

A letter received from a former resident of Winnemucca, now in Las Vegas, stated that he saw J. C. Rich, the missing Imlay constable, in that place a short time ago. Rich stated that he was there on official business, looking for a Mexican who stabbed a man of Humboldt.—Star.

ADMINISTRATOR APPOINTED

Wm DeCourcy was today appointed by Judge Averill as administrator in the matter of the estate of James Ferrero. His bonds were fixed at \$1,500.

Watch for the Rogers Violet Ray high frequency generator, coming. The most powerful, harmless, electric disease germ killer and health preserver known. Adv. J26W2

AMUSEMENTS

BUTLER THEATER

On account of the regular program being delayed in a train wreck, it will be impossible to show "Chimmie Fadden" as advertised, and in its place will be substituted a Frohman production featuring Carlisle Blackwell in the famous nautical comedy-drama, "The Spit-Fire," a melodramatic farce of laughs and thrills; a play that has had more than one thousand performances on the stage. The film version of Edward Peple's celebrated comedy-drama, "The Spit-Fire," presents Carlisle Blackwell in the role of Bruce Morson, a young American traveler who suddenly becomes involved in the story, and who, before its termination, well earns the title of hero. In the film production the laughs and thrills are carefully balanced, so that at times it is difficult to determine whether it is comedy or serious drama; until at the very last flash the culmination of the fascinating plot brings the conviction that it is only real life after all. Carlisle Blackwell is an ideal type for the role or Morson, about whom most of the action revolves. In both the lighter moments and the big dramatic situations, he portrays a perfect characterization. There will be two preliminary reels.

Tomorrow, "The Destroying Angel," featuring Marc Maedermott and Mabel Trunnell.

FELONY AND CIVIL CASES ARE DISMISSED

Criminal and civil proceedings instituted by the Nevada Packard Mines company against C. R. Bunker and H. E. Loufek, Lovelock brokers, and Miss Ethel James, a stenographer employed by the mining company, have been dismissed. The terms of settlement, it is understood, were that the defendants paid the company for the 5,200 shares of stock alleged to have been misappropriated.—Winnemucca Star.
